

Team 2 Team Contract

I am a member of Team 2. The members of Team 2 are Andrei Moldovean, Ciaran Lynch, Einar Dahlen Hansson, Elin Lindberg, Emma Anderson, Philip Ågren Oskarsson and Mahmood "Nomad" Attar Zoghi. I agree to follow the following rules outlined in this contract.

Conduct

As a member of Team 2, in accordance the Discrimination Act (2008:567), I will not engage in harassment or discrimination based on sex, transgender identity or expression, ethnicity, religion or other belief, disability, sexual orientation or age. I will be kind and respect differences in opinion, skill level, working style and compromise where necessary.

Communication

As a member of Team 2 I agree to frequently communicate with my teammates. We will use internet-based tools such as Discord, to communicate. I will check for messages At least once every workday and respond to messages within 24 hours. If I am unable to achieve an assigned task I will communicate this immediately to the team so we can adjust the plan accordingly.

Meetings

As a member of Team 2 I agree to attend all arranged team meetings. We will have a minimum of 1 meeting a week. Meetings should be scheduled at least 48 hours before the time of the meeting. If I am unable to attend a meeting, I will Post an explanation on discord before the meeting. If I am running more than 30 minutes late for a meeting I will Post an explanation on discord immediately.

Participation

As a member of Team 2 I agree to work on the project at least 10 hours (be aware you shouldn't work for more than 20 hours per week on the course including individual work) a week. If I am unable to fulfill my participation for any reason I should Ask for help from a team member ASAP.

Conflict

As a member of Team 2 I agree to aim to resolve any conflicts that arise in the team. If an unresolvable conflict does arise we will Arrange a meeting with a member of staff (Ray). In the case of lengthy conflicts about design decisions, The Product Owner (Einar Dahlen Hansson) will have the final say on which design decision to go with. As a member of Team 2 I agree to accept the Product Owners decision

without further conflict. The only exception to this is if the whole team agrees on an idea and the Product Owner is the only member that disagrees, in this case the majority wins and the Product Owner should accept the team's decision without conflict. If a member breaches the contract **five times**, the Course Responsible (Ray) must be contacted to set up a meeting to discuss what happened and how to address it. If after the meeting the team member continues to breach the contract the team can call a second meeting with the Course Responsible and the member may be removed from the team as a result. This would lead to a fail grade in the group assignment. If the member fails to attend either of these meetings without explanation they will be removed from the team and will fail the group assignment.
